“From Idea to Occupancy”

Common Development Process

The purpose of this document is to assist developers with a common development process that is understandable, transparent and used by all municipalities in Huron County.

Municipal and County staff, working together, aim to provide coordinated guidance and support to developers, from idea to occupancy. This includes navigating the approval process, helpful problem solving, and clear and timely communications. All staff members strive to provide a high level of service and encourage feedback that will help improve the process.

The common development process is shown on the next page. Certain timelines are set by legislation and cannot be changed. Staff will make every effort to keep development applications moving through the process as quickly as possible.

Thank you for working to enhance the community with your development. We wish you every success with your plans.
