Instructions for Condominium Applications

This process pertains to the following types of applications:

- i. Standard Condominium Application;
- ii. Amalgamated Condominium Application;
- iii. Common Elements Condominium Application;
- iv. Phased Condominium Application;
- v. Vacant Land Condominium;
- vi. Leasehold Condominium.

The Fee for all types of Condominium Applications are:

Plan of Condominium	2024 fees effective January 1, 2024
Fee	\$2,081
Lots/Blocks/Units over 10	Add \$176 per lot/unit/block

Steps in the Process

Step 1: All applicants are encouraged to meet with County planning staff prior to submitting an application; particularly those who are not familiar with the County process or who require assistance or information to complete the application.

Step 2: If necessary, obtain a Restricted Land Use Permit from the Risk Management Official to submit with Application Form

Step 3: Application Form is submitted to the above address with a cheque for the required fees and an authorization letter if applicable. Application forms containing insufficient or inaccurate information may be returned along with the application fee to the applicant.

Step 4: Formal Pre-Consultation meeting with assigned Planner and Municipal Staff. The purpose of the meeting is to:

- i) Review application and information submitted;
- ii) Identify key issues in processing;
- iii) Identify any concurrent applications required;
- iv) Identify any studies that have to be completed prior to acceptance of an application; and any studies that may be required prior to the approval of development;

Identify staff contacts; and discuss the requirement to contact their lawyer/surveyor to discuss future

registration of the plan including procedures for Applications of Absolute Title /Certification of Titles (these procedures can be very time consuming. Legal and survey advice, along with consultation with the Land Registry staff is strongly recommended).

Step 5: Application Reviewed & Accepted (applicant notified of complete application)

i) Timelines for processing are established

Step 6: Application circulated to Local Municipalities, Departments, Agencies and the Public (as necessary)

Step 7: Resolution from Local Council supporting application and proposed draft conditions obtained

Step 8: Meeting and Recommendation brought to Huron County Council on County Council Day 1 Meeting

Step 9: Approval Authority (Huron County Council) draft approval or refusal of application

Step 10: Notice of Approval Authority Decision circulated

Step 11: Appeal period

Step 12: Begin fulfilling conditions

Step 13: Final Approval

Note to Applicants:

A complete submission including all applicable requested information and fees will be required prior to an application being accepted for processing. Information provided by the applicant in support of an application will be available for public review upon acceptance of the application. Copies of correspondence from the Planning and Development Department will be mailed to the applicant and agent. Application fees will not be refunded once substantial work has been undertaken.

Note: The responsibility for filing a complete application rests solely with the owner/applicant.

Anything not requested or applied for in this application and subsequently found to be necessary, which may require another application(s) and fee(s), are the sole responsibility of the owner/applicant. The County/Municipality will address only the application as applied for, and items not included in this application are not the responsibility of the County/Municipality.

All studies required to support this application shall be at the expense of the applicant and included at the time of submission as a complete application.

Any and all requirements for proper land registration, such as the obtainment of Absolute Title, are the responsibility of the applicant. It is highly encouraged that applicants work with appropriate third parties to begin this process in the early planning stages.

In the event of third-party appeals to applications approved by the County/Municipality, the applicant may be responsible for some or all of the legal and other costs incurred by the County/Municipality, at the discretion of the County/Municipality.

In addition to the application fee, where the County/Municipality requires assistance from its solicitors or other technical or professional consultants in the processing of this application, the applicant shall be responsible for reimbursing all legal and consulting fees incurred by the County/Municipality, at the County/Municipality's actual cost. Depending on the amount of such fees, which the County/Municipality expects to incur on any given application, the County/Municipality may also require the applicant to enter into an agreement with respect to the payment of such fees and may, where appropriate, require security to be posted.

Condominium Application: Schedule App-1

Completion/submission of the following with the application will assist the County in performing a timely and complete review of the subject proposal. If this information is not submitted, it may not be possible to do a complete review within the legislated time frame for making a decision. As a result, the application maybe refused.

Section A: Requirements for Specific Condominium Types

Provide information for the type of condominium that is the subject of this application. Check one box **only**.

Standard Condominium

- Is the development to be registered as more than one Condominium Corporation?

Yes No

If yes, provide a summary outline of the number of units to be included in each condominium corporation:

Amalgamated Condominium

- Attach to the application a table including the existing (and, proposed if applicable) door point addresses, current condominium, plan and legal unit numbers, and proposed legal unit numbers.

Table Attached: Yes No

- Attach to the application a plan showing the geographic relationship between the condominium and corporations proposed to be amalgamated.

Plan Attached: Yes No

Common Elements Condominium

- Indicate the proposed use of the common element condominium:
- Attach to the application a plan showing the freehold properties (existing or proposed), proposed to become the Parcels of Tied Land and their geographic relationship to the common elements condominium.

Plan Attached: Yes No

- Are the proposed Parcels of Tied Land owned by parties other than the owner or applicant for this plan of condominium?

Yes No

If **yes**, provide a signed certificate of each of the owners of the proposed Parcels of Tied Land, consenting to the submission of the application and the registration of the condominium corporation.

Certificates attached: Yes No

Phased Condominium (resulting in one Condominium Corporation)

Provide a summary outline of the number of units and common elements to be included in each phase and any common elements to be made available in subsequent phases.

Vacant Land Condominium

- If a Site Plan Application has not been submitted, attach a Site Plan to this application.

Site Plan attached? Yes No

If no, please explain why Site Plan is not attached.

- Check the classification that best describes this proposal:
infill or redevelopment, or development of a multiple family block in an existing Plan of Subdivision
greenfield development of lands not previously approved for development (go to Section B)
- For greenfield type developments, if public road dedications or conveyances to the Municipality or other agencies are required by the Official Plan, or good planning practices, a subdivision plan may be required as part of this submission. It is strongly recommended that the owner/applicant/agent meet with the Planning Department.
- Is this vacant land condominium proposed to be registered as more than one plan of condominium?

Yes No

If **yes**, provide on the face of the proposed draft plan the boundaries of each proposed condominium corporation and the order in which they will be registered.

Information provided on the draft plan? Yes No

Section B: Current and Previous Use of the Subject Land and Surrounding Area
(to be completed for all types of Condos)

1. What is the current and previous use of the subject land?

Current Use:

All known previous uses:

2. Has there been an industrial or commercial use, gas station, petroleum or other fuel storage on the subject land or adjacent land at any time?

Yes Last Year of Use: No

If yes, specify the use:

3. Has the grading of the subject land been changed by adding earth or other material?

Yes No Unknown

4. Is there reason to believe the subject land may have been contaminated by former uses on the site or adjacent sites?

Yes No

5. What information did you use to determine the answers to the above questions?

6. If yes to 2, 3 or 4, a Soils Investigation Study including previous use inventory is required showing all former uses of the subject land, or if appropriate, the adjacent land. This study must be prepared by a qualified consultant.

Report Attached? Yes No

7. Significant Features Checklist (see next page)

Check through the list on the following page. Indicate under Yes, No or Unknown if a listed feature is on-site within 500 metres. Indicate under Yes, No or Unknown if a listed development circumstance applies. Be advised of the potential information requirements in noted sections.

SECTION C: Affordable Housing Information

For applications that include permanent housing (i.e. not seasonal), fill in the following information:

For example: Semi-detached, 10 units; 93 square metres; \$95,000 - \$105,000; ownership 100%

1. Housing Type: (i.e. detached dwelling, semi-detached, multiple attached, apartment)

2. Number of Units:

3. Unit Size (Square Metres):

4. Estimated Price/Rent per Month:

5. Tenure:

6. Percentage of Affordable Units:

Features or Development Circumstances	Yes	No	Unknown	If Feature; Specify Distance in Metres	<u>Potential</u> Information Needs
Non-farm development near designated urban areas or rural settlement areas					Demonstrate sufficient need within 20 year projections and that proposed development will not hinder efficient expansion of urban areas or rural settlement areas.
Class 1 Industry ¹					Assess development for residential and other sensitive uses within 70 metres.
Class 2 Industry ²					Assess development for residential and other sensitive uses within 300 metres.
Class 3 Industry ³ within 1000 metres					Assess development for residential and other sensitive uses within 1000 metres.
Land Fill Site					Address possible leachate, odour, vermin and other impacts.
Sewage Treatment Plant					Assess the need for a feasibility study for residential and other sensitive land uses.

Features or Development Circumstances	Yes	No	Unknown	If Feature; Specify Distance in Metres	<u>Potential</u> Information Needs
Waste Stabilization Pond					Assess the need for a feasibility study for residential and other sensitive land uses.
Active railway line					Evaluate impacts within 100 metres.
Controlled access highways or freeways, including designated future ones					Evaluate impacts within 100 metres.
Airports where noise exposure forecast (NEF) or noise exposure projection (NEP) is 28 or greater					Demonstrate feasibility of development above 28 NEF for sensitive land uses. Above the 35 NEF/NEP contour, development of sensitive land uses is not permitted.
Electric transformer station					Determine possible impacts within 200 metres.
High voltage electric transmission line					Consult the appropriate electric power service.
Transportation and infrastructure corridors					Will the corridor be protected? Noise Study prepared? Traffic Impact Study?
Mineral aggregate resource areas					Will development hinder access to the resource or the establishment of new resource operations?
Mineral aggregate operations					Will development hinder continuation of extraction? Noise and Dust Study completed?
Mineral and petroleum resource areas					Will development hinder access to the resource or the establishment of new resource operations?
Existing pits and quarries					Will development hinder continued operation or expansion? Noise and Dust Study completed?

Features or Development Circumstances	Yes	No	Unknown	If Feature; Specify Distance in Metres	<u>Potential</u> Information Needs
Significant wetlands or potentially significant wetlands					Provide Environmental Impact Study.
Significant ravine, valley, river and stream corridors and significant portions of habitat of endangered and threatened species					Provide Environmental Impact Study.
Significant fish habitat, wildlife habitat, woodlands, valley lands, areas of natural and scientific interest.					Provide Environmental Impact Study.
Sensitive groundwater recharges areas, headwaters and aquifers.					Demonstrate that groundwater recharge areas, headwaters and aquifers will be protected.
Significant landscapes, vistas and ridge-lines, significant built heritage resources and cultural heritage landscapes.					Development should conserve significant landscapes, vistas and ridge-lines, significant built heritage resources and cultural heritage landscapes.
Significant archaeological resources					Assess development proposed in areas of medium and high potential for significant archaeological resources. These sources are to be studied and preserved, or where appropriate, removed. Catalogued and analyzed prior to development.

Features or Development Circumstances	Yes	No	Unknown	If Feature; Specify Distance in Metres	<u>Potential</u> Information Needs
Erosion hazards					Determine feasibility within the 1:100 year erosion limits of ravines, river valleys and streams.
Floodplains					Determine limit of Development or where a Special Policy Area (SPA) is in effect, development must meet the Official Plan policies.
Hazardous sites ⁴					Slope Study, Flood line Study
Contaminated sites					Assess an inventory of previous uses in areas of possible soil contamination.
Prime agricultural land					Demonstrate need for use other than agricultural and indicate how impacts are to be mitigated.
Agricultural operations					Development to comply with the Minimum Distance Separation Formulae and O. P. policies.

1. Class 1 Industry - small scale, self-contained plant, no outside storage, low probability of fugitive emissions and daytime operations only.
2. Class 2 Industry - medium scale processing and manufacturing with outdoor storage, periodic output of emissions, shift operations and daytime truck traffic.
3. Class 3 Industry - indicate if within 1000 metres - processing and manufacturing with frequent and intense off-site impacts and a high probability of fugitive emissions.
4. Hazardous sites - property or lands that could be unsafe for development or alteration due to naturally occurring hazards. These hazards may include unstable soils (sensitive marine clays, organic soils) or unstable bedrock (Karst topography).

Please answer Section A **or** Section B, depending on the type of servicing available. In the following question, "property" means the subject property or, in the case of a severance, each of the resulting lots.

Section A – Where *Sanitary Sewers* are available

Is the property within 183 metres (600 feet) of an abattoir (slaughter house)?

Yes No

Section B – Where *Septic Systems* are required

1. The application is for the creation of a new lot for which the primary use will be a new dwelling (other than a new dwelling on a farm).

Yes No

2. Is the property less than .4 hectares (1 acre) in area?

Yes No

3. Does the property have less than .2 hectares (1/2 acre) of "useable land" for a septic tank and tile bed? See definition of "useable land" below.

Yes No

4. I am uncertain of the location of the existing septic tank and tile bed on the property.

Yes No

5. There will be more than one dwelling unit on each lot.

Yes No

6. An industrial or commercial use is proposed which will require a septic system.

Yes No

7. Is the property within 183 metres (600 feet) of an abattoir (slaughter house)?

Yes No

8. The application is for a new Plan of Subdivision/Condominium

Yes No

“Useable Land” means an area of land with suitable original soil for the installation of a Class 4 subsurface sewage disposal system, free of any buildings, structures swimming pools, etc. and such land is or will be used solely for a septic tank and tile bed and any future replacement of the tile bed, and which area is at least 3 metres (10 feet) from any property line, at least 15 metres (15 feet) from a top-of-bank of a watercourse or lake, not located in a flood plain, not located in an environmentally sensitive area, and does not contain field tile or other artificial drainage. (Other restrictions may apply according to legislation.)
